

Together, stronger. Clark Community Development is proud to announce the upcoming opening of our very first Resource Center and office headquarters, located at 6525 S. *Western Ave, Los Angeles, CA 90047*, in the heart of South Los Angeles. Opening in partnership with Renewed Horizons, this shared community space represents more than just an office — it represents collaboration, growth, and a long-term commitment to serving our communities together under one roof. After months of building programs directly in the field, we are excited to finally establish a central hub where individuals and families can access support, resources, education, and opportunity in one welcoming location.

Scheduled to open in late June or early July, the center will offer Court-Ordered Classes, Medi-Cal and Medicare enrollment assistance, mobile clinic visits, community resources, and additional supportive services, with many more programs still to come. Just a few doors down, community members will also have access to a local soup kitchen creating employment opportunities for recently incarcerated individuals seeking a fresh start and a path forward.

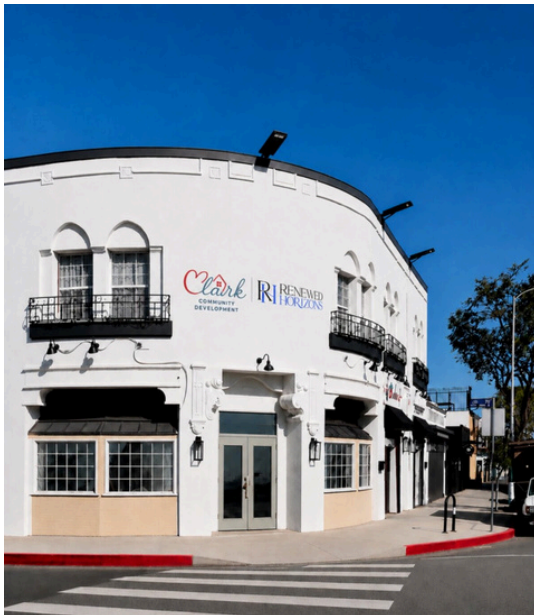

This new chapter marks an exciting milestone for both organizations, and we look forward to officially welcoming the community very soon. Grand opening details and additional announcements will follow.

CCD Resource & Office Center

More than just an office space - this will be a place for connection, support, and opportunity. Clark Community Development is proud to prepare the opening of our future Resource & Office Center in South Los Angeles, where community members will have access to programs, resources, outreach services, and pathways toward stability and growth. A new chapter is on the horizon.

A first look at the future home of Clark Community Development, Located in the heart of South Los Angeles.

Senior Living Project has commenced

We are proud to announce that our Senior Living Project has officially commenced, expanding our mission of bringing compassionate care and essential health services directly into the community. Through our partnership with Tri-State Community Healthcare, we are helping connect seniors and vulnerable individuals with healthcare support and wellness services tailored to their everyday needs. In collaboration with 24/7 Team Care Home Health Care and Angel Arms, the project has also commenced Home Health Care services, helping individuals access in-home support, care education, and guidance for healthier independent living. Community education surrounding home health care has already been an important part of our outreach efforts through our ongoing health and resource fairs, and we are excited to continue building upon that foundation. This initiative represents another step forward in creating stronger support systems for our senior community and families throughout South Los Angeles.

Renewed Horizons

Get To Know Our Partner.

We are proud to share our hub space with Renewed Horizons.

More About RH:

At Renewed Horizons, we believe every person deserves the opportunity to live a life filled with purpose, choice, and possibility. Our mission is to walk alongside individuals with developmental disabilities as they build the skills, confidence, and independence needed to thrive on their own terms.

We are deeply committed to serving underserved communities — families who are too often overlooked when it comes to access, advocacy, and culturally responsive support. By meeting people where they are, speaking the languages of the communities we serve, and creating meaningful connections, we strive to make support more accessible, compassionate, and empowering for all.

Get In Touch

As we continue to expand our reach and plan for special events, the need for resources in Los Angeles is growing. We are actively seeking support and partnerships from local businesses and individuals to sustain our essential services and help meet the increased need across the region.
